

2017 Macao International Environmental Co-operation Forum & Exhibition

(2017MIECF)

2-Day Program for Green Building Practitioner

Day 2 : 31st March 2017 (Friday)

<p>09:30-11:00</p>	<p style="text-align: center;">Green Forum Session 4</p> <p style="text-align: center;">The Ways to Drive Higher Performance in Green Buildings</p> <p>This session will explore innovative and cutting edge technology and strategies for low-energy green buildings that will benefit cities due to lower carbon emissions and sustainability. Participants will discuss how innovation in conceptualizing design and energy performance in buildings (manufacturing, government, and hospitality sectors) can reduce carbon emissions and enhance transition towards green city.</p> <p style="text-align: center;">Florence Room 2201-2302 (Level 1)</p>
<p>11:15-12:45</p>	<p style="text-align: center;">Green Forum Session 6 (Workshop)</p> <p style="text-align: center;">Maximizing Energy Saving in Buildings – Efficiency and Assessment</p> <p>The objective of this workshop is to explore the approaches and concepts to minimize energy cost for buildings by implementing a set of solutions to achieve sustainable and efficient energy usage. The workshop serves as a general overview and quick look into energy efficiency measures appropriate for urban areas, including the key factors influencing energy usage such as user behavior.</p> <p style="text-align: center;">Florence Room 2201-2302 (Level 1)</p>
<p>13:00-14:00</p>	<p style="text-align: center;">Green Building Industry Networking Session (By Invitation Only)</p> <p style="text-align: center;">Green Networking Area, Hall A (Level 1)</p>
<p>14:30-15:15</p>	<p style="text-align: center;">Industry Insights with Mr. Achim Steiner – Special session</p> <p style="text-align: center;">Harnessing Environmental Innovation as Key Driver for Sustainable Development</p> <p>The special session with keynote speaker will discuss on strategic incentives in policies and approaches that will boost creation and transfer of critical knowledge and technology in the objective of stimulating innovative capacity within a country and region, in the environmental sector. Research and development infrastructures, the role of public and private innovation</p>

	<p>actors, and national development priorities will be explored, including funding programs supporting entrepreneurship to create strategies and technologies that benefit citizens and the environment.</p> <p>Sicily Room 2401-2502 (Level 1)</p>
15:30-16:15	<p>Seminars and Presentations: Buyer Briefing Session – Green Building Sector Expo Hall A (Level 1)</p>
P.M.	<p>Green Showcase, Green Matching Expo Hall A (Level 1)</p>
Day 3 : 1st April 2017 (Saturday)	
09:00-17:00	<p>Green Showcase and Green Matching Concurrent Events Expo Hall A (Level 1)</p>
10:00-11:00	<p>Technical Visit Venue: Sands® Cotai Central (Pre-registration only with limited capacity, First-come-first-served)</p>
